OFFICE OF THE LEGISLATIVE COUNSEL

Tuesday - 22 October 1963

- STAT 1. [REDACTED] Mr. Conroy on the investigating staff of House Appropriations Committee called in connection with their current investigation of special warfare activities of DOD. He would like to talk with the appropriate person in the Agency not on substantive matters but on the subject of coordination of DOD with other agencies including CIA. I said I would look into this further and advise.
- STAT 2. [REDACTED] advised that he had received official notification from Representative Carl Albert's office that the scheduled floor action on our early retirement bill will not be this week. The best word he has at this time is that it will probably be next week.
- STAT 3. [REDACTED] Mr. Boyd Crawford, Staff Director, House Committee on Foreign Affairs, called and suggested 2:30 tomorrow, 23 October, for the meeting between the Director and Mr. Richardson and the Zablocki group. The Director's office and Chief/FK have been notified. (See memorandum for the Director for details.)
- STAT 4. [REDACTED] Miss Amelia E. McKenzie in the office of Congressman George F. Brown, Jr. called concerning an application for employment of an Air Force Major being discharged which she would like to discuss. I indicated that I would drop by during the day on Wednesday.
